DESKTOP FUNCTIONALITY AND STYLE ALL IN ONE LAMP

The Pen lamp is a charming and practical little addition to your home. It emits a soft light, charms with its distinctive shape and keeps your favourite desk tools organised.

A small, but heavy concrete base keeps the Pen lamp stable without taking up too much valuable desk space. On top, the cute little shade keeps the light from blinding you while directing it right where it is needed. But the best part is that the base has room for your favourite writing utensils, scissors and other everyday necessities, which you don't mind displaying.

Use Pen like a luminous centrepiece in a little tableau, on a bedside table or to light up your favourite hobby spot.

Pen comes in grey and rust red – both with a lovely reflection- and glare-free matt surface that matches perfectly the rustic concrete base.

FUNKTION OG KARAKTER PÅ SKRIVEBORDET I ÉN LAMPE

Lampen Pen er en charmerende lille praktiker i din boligindretning. Den kaster et dæmpet lys, charmerer med sin karakteristiske form og holder samtidig styr på dine favoritrekskaber.

En lille, men tung og stabil betonfod sørger for, at Pen står sikkert uden at bruge for meget af din værdifulde bordplads. Øverst sørger en koket hat af en lampeskærm for, at lyset ikke blænder, men kastes ned mod det, der skal ses. Men den fineste gimmick er, at lampefoden har plads til dine yndlingstusser, penne, saks og andre daglige favoritter, der gerne må ses.

Brug Pen som et lysende midtpunkt i en lille stilleben, på natbordet eller bare der, hvor du hygger med dine hobbiesager.

Pen findes i grå og dust rust – begge med en flot, mat overflade, der ikke giver refleksioner eller genskin, men matcher den rustikke betonfod.
